

Project Overview For MPV

CareBridge Connect is a healthcare marketplace connecting verified healthcare professionals with private clients and healthcare organisations.

The platform must provide a secure, compliant and user-friendly onboarding process, ensuring only suitable and verified professionals are approved to join the marketplace.

1. Professional Eligibility Screening

Before accessing the registration form, all healthcare professionals must complete an eligibility screening process.

Employment Status

Applicants must select one of the following:

Currently employed by the NHS

Currently employed within the private healthcare sector

Self-employed healthcare professional

Not currently employed within healthcare

Mandatory Training Verification

Applicants must confirm that all mandatory training is current and completed within the previous 12 months.

Mandatory training includes:

Safeguarding Adults

Safeguarding Children

Basic Life Support

Infection Prevention & Control

Health & Safety

Moving & Handling

GDPR & Confidentiality

Screening Outcome

If training is current → Continue with application.

admin@carebridgeconnect.co.uk

Manchester, United Kingdom

+44 7479 874071

If training is not current → Application can proceed but it will be in **Pending** status until updated training certificates are provided.

2. Professional Competency Assessment

All healthcare professionals must successfully complete an online competency assessment before they can submit their application.

Assessment Topics

Safeguarding

Infection Prevention & Control

GDPR & Confidentiality

Professional Boundaries

Documentation & Record Keeping

Medication Awareness

Health & Safety

Role-specific knowledge

Assessment Requirements

Assessment completed online during registration.

Questions selected randomly from a question bank.

Automatic scoring system.

Pass Requirements

Minimum pass score: 80%

Maximum attempts: 3

Assessment must be **passed before** application can be **approved/completed**.

Applicants who fail all 3 attempts cannot proceed with registration and wait a period of time before reapplying again. This could be 3 to 6 months.

Assessment Records

Admin dashboard must display:

Assessment score

Number of attempts

Date completed

admin@carebridgeconnect.co.uk

Manchester, United Kingdom

+44 7479 874071

Pass / Fail status

3. Professional Registration & Onboarding

3. Professional Registration & Onboarding

Account Setup

Professional registration form

Account creation

Secure login

Email verification

Password reset functionality

Professional Account Suspension & Compliance Blocking

The platform must allow admin users to temporarily block, suspend, or restrict professionals from accepting bookings where there are concerns about reliability, compliance, conduct, or safety.

Reasons for Blocking or Suspension

Admin should be able to block or suspend a professional for reasons including:

- Last-minute cancellation
- Repeated cancellations
- Failure to attend a confirmed booking
- Expired DBS
- Expired mandatory training
- Expired professional registration
- Expired insurance
- Right to Work concerns
- Safeguarding concern
- Client complaint
- Professional conduct concern
- Failure to provide requested compliance documents

Suspension Types

Admin should be able to choose:

- Temporary suspension
- Compliance hold
- Booking restriction
- Full account suspension

System Behaviouradmin@carebridgeconnect.co.uk

Manchester, United Kingdom

+44 7479 874071

When a professional is blocked or suspended:

- They can view available jobs proposals *however*; they **cannot** book or accept new bookings.

- Existing bookings can be reviewed by admin.
- Their profile status changes to reflect the restriction.
- Admin can add a reason for suspension.
- Admin can add internal notes.
- Admin can set a review date.
- Admin can reinstate the professional when appropriate.

Professional Status Options

The platform should include status options such as:

- Active
- Pending Verification
- Compliance Hold
- Temporarily Suspended
- Booking Restricted
- Under Investigation
- Rejected
- Removed

Admin Audit Trail

The system must record:

- Date suspension was applied
- Reason for suspension
- Admin user who applied the restriction
- Internal notes
- Review date
- Date professional was reinstated or removed

Automatic Compliance Blocking

admin@carebridgeconnect.co.uk

Manchester, United Kingdom

+44 7479 874071

The platform should automatically restrict professionals from accepting bookings if key compliance documents expire, including:

- DBS
- Mandatory training
- Professional registration
- Professional indemnity insurance
- Right to Work evidence

The professional should only become available for bookings again once compliance has been updated and approved by admin.

10. Notifications & Communications

Automatic email notifications for:

- Registration confirmation
- Email verification
- Assessment results
- Compliance approvals
- Compliance expiry reminders
- Booking requests
- Booking confirmations
- Password resets

11. Security & GDPR

- Secure login system
- Encrypted passwords
- Secure document storage
- GDPR-compliant data handling
- User consent management
- Privacy policy acceptance
- Terms & Conditions acceptance

admin@carebridgeconnect.co.uk

Manchester, United Kingdom

+44 7479 874071

12. Website Pages

CareBridge
— CONNECT LTD —

About Us

Services

Professional Registration

Client Registration

Contact Us

FAQ

Privacy Policy

Terms & Conditions

13. Deployment & Handover

Developer must provide:

Fully functioning live website

Domain connection

SSL certificate

Hosting setup

Admin access

Database access

Basic user guide

Testing before launch

14. Ownership Requirements

CareBridge Connect Ltd owns all branding and content.

CareBridge Connect Ltd owns all custom-developed code.

Full access to hosting accounts.

Full access to domain accounts.

Full access to Stripe accounts.

Full administrator access to the platform.

Full database access.

admin@carebridgeconnect.co.uk

Manchester, United Kingdom

+44 7479 874071

Source code handover provided upon completion.

15. Future Phase 2 Features (Not MVP)

Mobile App (iOS & Android)

In-app messaging

Video consultations

Automated compliance reminders

Advanced professional matching

AI-assisted booking recommendations

Ratings & reviews

Multi-country expansion support.

16. Additional Platform Requirements

Data Ownership & Export

CareBridge Connect must be able to export all data at any time, including:

Professional profiles

Client profiles

Organisation profiles

Booking records

Compliance records

Assessment results

Payment records

Export formats:

Excel (XLSX)

CSV

Audit Trail

The platform must record:

User registration dates

Document upload dates

Assessment completion dates

admin@carebridgeconnect.co.uk

Manchester, United Kingdom

+44 7479 874071

Assessment scores

Approval and rejection dates

Booking activity

Changes made by administrators

Search & Filtering

Admin users must be able to search and filter professionals by:

Role

Location

Availability

DBS status

Professional registration status

Compliance status

Assessment status

Compliance Alerts

Automatic notifications when:

DBS is due to expire

Professional registration is due to expire

Training certificates are due to expire

Insurance is due to expire

Right to Work documentation requires updating

Admin dashboard should highlight non-compliant professionals.

Founder Access

The Founder/Admin must have full access to:

All users

All bookings

All documents

All compliance records

All financial records

admin@carebridgeconnect.co.uk

Manchester, United Kingdom

+44 7479 874071

All reports

No functionality should be restricted from the Founder account.

Future Scalability

The platform should be designed so additional services, professional roles, locations and future mobile applications can be added without rebuilding the entire system. :::

The single most important thing

If I could only add one item, it would be:

CareBridge Connect must be able to export all platform data at any time in Excel or CSV format.

17. Communication & Project Requirements

Progress Demonstrations

Weekly project review meeting.

Developer to demonstrate completed functionality.

No milestone considered complete until reviewed and approved.

Source Code Management

Source code stored in a repository owned by CareBridge Connect Ltd.

Founder to have full access at all times.

Developer access can be granted and removed as required.

Hosting & Domain Ownership

Domain registered in the name of CareBridge Connect Ltd.

Hosting account owned by CareBridge Connect Ltd.

Founder to have full administrator access.

Intellectual Property

All work produced for CareBridge Connect becomes the property of CareBridge Connect Ltd upon payment.

No reuse of CareBridge Connect branding, content, workflows or custom-developed functionality without written permission.

Backup & Recovery

Automatic daily backups.

admin@carebridgeconnect.co.uk

Manchester, United Kingdom

+44 7479 874071

Ability to restore platform from backup if required.

Testing Requirements

Before launch, the platform must be tested for:

Registration process

Login process

Document uploads

Assessment functionality

Booking process

Payment processing

Admin dashboard functionality

Mobile responsiveness

Browser Compatibility

Platform must work on:

Google Chrome

Microsoft Edge

Safari

Mobile devices (Android & iPhone)

Performance

Fast loading website.

Mobile-friendly design.

Optimised for search engines (SEO).

Final Note

The objective of this MVP is to launch a secure, compliant, and scalable healthcare marketplace that meets CareBridge Connect's operational and recruitment standards.

Features that are not essential for launch may be scheduled for future development phases. The priority is to deliver a reliable platform that provides a seamless experience for professionals, clients, and administrators while maintaining full ownership, control, and flexibility for CareBridge Connect Ltd.
